

Assignment 4: Professional Study Programme

Lesson Observations Log

Lesson Observation 1	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
<i>And the extent to which they are explicitly linked.</i>	
<i>(If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)</i>	
• • •	
Reflections	
<i>How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?</i>	
Diversity & Inclusion	
<i>How were the following areas considered in building an inclusive learning environment?</i>	
• Classroom setup • Teacher's delivery style eg. verbal/non verbal, active/passive • Teacher's active listening skills eg. empathy and open questions • Celebrating diversity in lesson content • Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making	

--

Lesson Observation 2	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
<i>And the extent to which they are explicitly linked.</i>	
<i>(If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)</i>	
• • •	
Reflections	
<i>How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?</i>	
Diversity & Inclusion	
<i>How were the following areas considered in building an inclusive learning environment?</i>	
• Classroom setup • Teacher’s delivery style eg. verbal/non verbal, active/passive • Teacher’s active listening skills eg. empathy and open questions • Celebrating diversity in lesson content • Incorporation of Youth & Child Voice	

• Mitigation and awareness of bias in language and decision making

Lesson Observation 3	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
And the extent to which they are explicitly linked. (If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)	
• • •	
Reflections	
How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?	
Diversity & Inclusion	
How were the following areas considered in building an inclusive learning environment? • Classroom setup • Teacher’s delivery style eg. verbal/non verbal, active/passive • Teacher’s active listening skills eg. empathy and open questions • Celebrating diversity in lesson content	

• Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making

Lesson Observation 4	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
<i>And the extent to which they are explicitly linked.</i> <i>(If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)</i>	
• • •	
Reflections	
<i>How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?</i>	
Diversity & Inclusion	
<i>How were the following areas considered in building an inclusive learning environment?</i>	
• Classroom setup • Teacher’s delivery style eg. verbal/non verbal, active/passive • Teacher’s active listening skills eg. empathy and open questions	

• Celebrating diversity in lesson content • Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making

Lesson Observation 5	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
And the extent to which they are explicitly linked. (If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)	
• • •	
Reflections	
How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?	
Diversity & Inclusion	
How were the following areas considered in building an inclusive learning environment? • Classroom setup • Teacher’s delivery style eg. verbal/non verbal, active/passive	

• Teacher's active listening skills eg. empathy and open questions • Celebrating diversity in lesson content • Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making

Lesson Observation 6	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
And the extent to which they are explicitly linked. (If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)	
• • •	
Reflections	
How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?	
Diversity & Inclusion	
How were the following areas considered in building an inclusive learning environment? • Classroom setup	

• Teacher's delivery style eg. verbal/non verbal, active/passive • Teacher's active listening skills eg. empathy and open questions • Celebrating diversity in lesson content • Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making

Lesson Observation 7	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
<i>And the extent to which they are explicitly linked.</i> <i>(If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)</i>	
• • •	
Reflections	
<i>How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?</i>	
Diversity & Inclusion	
<i>How were the following areas considered in building an inclusive learning environment?</i>	

• Classroom setup • Teacher’s delivery style eg. verbal/non verbal, active/passive • Teacher’s active listening skills eg. empathy and open questions • Celebrating diversity in lesson content • Incorporation of Youth & Child Voice • Mitigation and awareness of bias in language and decision making

Lesson Observation 8	
Teacher observed:	School/Setting:
Description of group (no of pupils, age, other relevant details)	Observation Date:
General Lesson Notes/ Observations	
Teaching Standards Observed	
And the extent to which they are explicitly linked. (If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)	
• • •	
Reflections	
How have your observations of the lesson contributed to your understanding of the particular Teaching Standards identified above? Are you reminded of any wider reading or theoretical frameworks explored in lectures or in your own study time?	
Diversity & Inclusion	

How were the following areas considered in building an inclusive learning environment?

- Classroom setup
- Teacher's delivery style eg. verbal/non verbal, active/passive
- Teacher's active listening skills eg. empathy and open questions
- Celebrating diversity in lesson content
- Incorporation of Youth & Child Voice
- Mitigation and awareness of bias in language and decision making

Lesson Observation 9

Teacher observed:

School/Setting:

Description of group (no of pupils, age, other relevant details)

Observation Date:

General Lesson Notes/ Observations

Teaching Standards Observed

And the extent to which they are explicitly linked.

(If this Lesson Observation is one of your Evidence Templates, please make explicit reference to one of your three Depth Standards: Fulfil Wider Responsibilities, Personal Professional Conduct, or your third chosen Depth Standard)
